15-unit 8x2 surface-mounted mailbox system Design BASIC 385A- VA AP - V2A stainless steel, brushed | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 15 mailboxes | Stainless steel, brushed

Product number 385A-VA-15W

Product description

Wide surface-mounted mailbox system BASIC 385A for 15 households – brushed stainless steel V2A

The BASIC 385A surface-mounted mailbox system for 15 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W version distributes the mailboxes across a multi-column front and keeps the overall system proportionally lower and tidy.

The mailbox system is made from high-quality V2A stainless steel in a brushed finish. Mailboxes, cladding and rain hood form a timeless, low-maintenance and robust stainless steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with key number and an interchangeable nameplate below the letter flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Rain hood and side cladding

Rain hood and side panels combine the individual mailboxes into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 letter slot and 12 litres volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip dampens the letter flap. Robust locks, two keyed copies with key number and protected interchangeable nameplates ensure clear allocation of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fixing material with screws and wall plugs is included in the described configuration.

Entirely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for durable surface-mounted mailbox systems. The system is manufactured in Germany at the Briefkasten Manufaktur.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 15 individually lockable compartments
Individual compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A 1.4301, brushed
Finish Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Letter flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening Left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain hood Solid, matching the system
Installation type Surface-mounted wall installation
Installation aid Mounting rail
Fixings Screws and wall plugs included; suitability for the on-site wall construction should be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs are only to be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems (ETICS) appropriate fixing solutions must be determined on site.

Briefkasten Manufaktur Lippe GmbH

Note on weather protection

Post is only optimally protected from moisture and soiling when items are fully inserted and the letter flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Number of boxes	with 15 letterboxes
Removal of mail	On the front
Surface/colour	Brushed
Mounting type	Surface-mounted
