12-unit 6x2 design surface-mounted letterbox system GOETHE AP - RAL colour of your choice | 200mm depth | with 12 mailboxes

Product number 215-AP-12-200

Product description

12-unit 6x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality 12-compartment surface-mounted mailbox system. The modern GOETHE mailbox is ideal for a discerning entrance area. The clean, linear design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large letter slot ensures that DIN C4 envelopes and magazines — and mail accumulated during a multi-day absence — are not creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The arrangement of the lock is designed so that the retrieval door prevents mail from falling out towards you. The internal mail is optimally protected from the weather by the water-drip edge. The letter flap is equipped with high-quality hinge dampers, ensuring quiet closing and preventing annoying rattling caused by weather influences. The replaceable nameplates made of plexiglass can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a view to high flexibility and modularity, easy spare part installation and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- High-quality 12-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (magnetic, corrosion-resistant stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per compartment.
- Letters are inserted and retrieved from the front. Letter flap with high-quality hinge dampers for very quiet insertion of mail.
- The mailboxes comply with DIN/EN 13724. Slot size (3.5 cm x 36.0 cm) for C4 landscape; large letters fit without bending.
- Collection doors open from top to bottom, preventing mail from falling out towards you.
- Plexiglass nameplate for name inscription and second nameplate with advertising Yes/No insert per compartment.
- Optional house number labelling approx. 100-150 mm high.
- Optimal protection against rain through drip edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Incl. mounting rail for wall mounting.

Important information:

To achieve optimal water protection for your mail, the mailbox or mailbox system should, if possible, be installed under a canopy.

Mail is only protected from water if it is placed completely inside the box and the letter flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress does not constitute grounds for a complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
