The complete surface-mounted mailbox system is made of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox system one of our top sellers. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the sturdy interchangeable nameplate, a practical mail retention bracket and a very robust lock characterise this surface-mounted mailbox system.

Thanks to its design, self-installation is straightforward. The mailbox system is prepared for simple complete mounting; there is no need for complex wall-mounting of individual boxes.
