Stainless steel mailbox free-standing DESIGNER Style ST-P

High quality mailbox freestanding the brand Briefkasten Manufaktur. A real eye-catcher among the mailboxes. Clear lines and straightforward design are characterized by the designer mailbox.

As an option, we also offer high-quality laser rhours.

in the Edition ST-P with a flush design. The elegant rectangular standstill pillars are made of 2 mm stainless steel V2A 1.4301, sanded and optionally equipped with a 10mm thick fuzeplatte for screw mounting.

Our products have a high value, reliable functionality and their own identity. Made by Briefkasten Manufaktur.

- Designer stainless steel mailbox free-standing made of 2 mm stainless steel V2A, 240 grain.
- no visible screw or rivet.
- Fronts side post-withdrawal door 240 mm x 300 mm, to open from top to bottom. Including 2 key with key number.
- Settling from the front, throw-in size B 24 cm x H 3.5 cm suitable for C4.
- **from now on with built-in damping elements, which let the throw-in flap slowly and quietly close.**
- water protection sheet inner.
- Optional name lettering, lasered approx. 10mm high.
- Optional house number label, lasered approx. 100mm high.
- The Plain stand columns consist of W 20 mm x D 100 mm stainless steel V2A 1.4301, sanded for concreting or for screw mounting.

Important information:

In order to achieve optimal water protection of your post, the mailbox or the mailbox system should be under a canopy if possible. If you set up this system completely freely, it is recommended to use a rain roof. Connected self-adhesive rain roof included.

The post is only protected from moisture and pollution when the flap is completely thrown and closed. In certain extreme weather conditions, water can still occur (according to DIN EN 13724 to 1ccm). This is not a reason for complaint.
