Product number 382XA-VA-1-SP-ZF

Product description

1-piece surface-mounted letterbox design BASIC Plus 382XA AP with bell box & newspaper compartment - polished V2A stainless steel

High-quality surface-mounted letterbox with newspaper compartment for 1 party made in Germany by Briefkasten Manufaktur.

The letterbox system is made entirely of polished V2A stainless steel. The very high-quality workmanship and the well thought-out concept make this letter box our top seller. A rain drainage edge for optimum water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical post holder and the very robust lock characterise this surface-mounted letterbox.

The letterbox systems in the BASIC Plus collection are characterised by the consistent use of V2A stainless steel. The result is a very long service life and sustainability. The design has been developed by our own engineers with a view to high flexibility and modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

Important information

Camera or intercom preparation

The intercom systems must be connected by an electrician. Please contact your trusted electrician for planning, fitting and installation.

Water protection

The mail is only protected against moisture and dirt when it is fully inserted and the flap is closed. Under certain extreme weather conditions, water may still enter (up to 1ccm according to DIN EN 13724). This is not a reason for complaint.
