Design mailbox BRENTANO - 20 years Edition - RAL 7016 anthracite gray

The modern mailbox BRENTANO without visible lock and elegant inscription of the house number and name. For the 20th anniversary of the mailbox manufactory exclusively for a short time in the 20 years edition.

The dimensions allow a capacity of about 20 liters, the insertion from the top guarantees no crumpled mail even with DIN C4 envelopes and magazines or after several days of absence. The mailbox is equipped with dampers, so that insertion flap closes slowly and quietly. The innovative push-key lock is invisibly hidden inside the mailbox. The key is simply inserted into the existing opening (no need to turn) and the door opens. With the arrangement of the lock, this mailbox is designed so that the removal door prevents mail from falling towards you. The high quality finished mailbox is completely made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder coated, there are no visible welding points or rivets.

The one-hand operation concept with the push-key lock is unique on the market and only available at Briefkasten Manufaktur Lippe. Only one hand is needed for opening, removing the mail and closing: Protected utility model according to DPMA file number DE: 20 2021 101 679.5

Thanks to the construction method, self-assembly is uncomplicated.

- High-quality manufactured surface-mounted mailbox made of stainless steel, powder-coated in RAL 7016 anthracite gray.
- 5-year BML warranty against defects in materials and workmanship and 10-year warranty against rusting through.
- Door opens from top to bottom.
- Throw-in from the top, throw-in flap with high-quality dampers for silent closing.
- Includes self-adhesive and engravable nameplate and 2 keys with key number.
- The letterbox complies with DIN/EN 13724. Insert size (3.5 cm x 36.0 cm) for C4 landscape, here also fit large letters without bending.
- Optional name inscription approx. 20-30mm high.
- Optional house number inscription approx. 80-100mm high.
- For surface wall mounting including mounting screws.

Important information:

In order to achieve optimum water protection of your mail, the mailbox or mailbox system should be located under a canopy if possible.

Mail is only protected from water when it is completely inserted in the box and the insertion flap is closed. Mail that is not completely inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.
