2-unit 1x2 flush-mounted mailbox system BASIC - Edition NELLY - bi-colour VA - RAL 7016 anthracite grey | with 2 letterboxes (1x2)

Product number 382U-7016VA-BS-2

Product description

2-unit recessed mailbox system BASIC – Edition NELLY – 1 × 2 – BI-Color stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a distinctly more individual appearance. The mailbox body is made of galvanised steel and receives a powder coating in RAL 7016 anthracite grey fine texture matt, while the letter flaps are made of stainless steel V2A 1.4301 and brushed with a 240-grit finish. This deliberate BI-Color contrast looks modern and high-quality and can be combined with many front doors, windows and façades. As a recessed version with 2 mailboxes (1 × 2), NELLY is not only intended for receiving mail but also serves as a neatly designed element of the entrance area. The powder-coated plaster cover frame forms a clear termination to the façade; its upper area becomes the characteristic NELLY labelling surface.

The special advantages of the Edition NELLY

Labelling frame as part of the façade

In the recessed version, individualisation is integrated directly into the architecture: the upper area of the plaster cover frame serves as a labelling surface for the house number and/or street name. This creates no additional sign solution, but a calm, integrated NELLY look.

BI-Color: RAL 7016 meets brushed stainless steel

The mailbox body of galvanised steel is powder-coated in RAL 7016 anthracite grey fine texture matt. The letter flaps, by contrast, are made of stainless steel V2A 1.4301 and are brushed with a 240-grit finish. The stainless-steel plaster cover frame is powder-coated and sets the anthracite grey body neatly off against the façade.

Large aperture for DIN C4

The 35 × 325 mm delivery aperture is designed for DIN C4 in landscape format. Larger letters can also be posted without having to be folded. The mailbox design complies with DIN EN 13724.

Quiet operation for everyday use

The brushed stainless-steel letter flaps are fitted with a noise-dampening rubber seal. A post retention bar supports controlled removal, while the doors open from left to right.

Robust plaster cover frame 25 × 58 mm

The plaster cover frame consists of a 25 × 58 mm stainless-steel angle profile made from 1.5 mm thick V2A 1.4301. Powder-coated in RAL colour, it forms a clear, robust termination between the mailbox system and the façade.

Equipment and technical features

Material and mailbox

Version 2 mailboxes (1 × 2)
Mailbox body Steel, galvanised; RAL 7016 anthracite grey fine texture matt
Letter flaps Stainless steel V2A 1.4301, brushed with a 240-grit finish
Delivery aperture 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate under the letter flap
Post retention bar Integrated for each mailbox
Mail retrieval From the front
Door opening From left to right
Locking system Depending on the selected product configuration

Installation and construction

Installation type Recessed
Plaster cover frame Stainless-steel angle profile 25 × 58 mm made from 1.5 mm stainless steel V2A 1.4301, powder-coated
Labelling surface Upper plaster cover frame with individual laser engraving
Rain drip edge Integrated into the construction
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail items are best protected from moisture and soiling when fully inserted and the flap is closed. Protruding items can prevent the flap from fully closing.

Note on recessed installation

Briefkasten Manufaktur Lippe GmbH

The recessed installation should be carried out professionally into the intended wall structure. When installing in insulated exterior walls, particular attention must be paid to sealing and possible thermal bridges.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey, Brushed
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Mounting type	Flush-mounted
