Stainless steel application 389x50 for GOETHE - polished stainless steel

The stainless steel application for GOETHE made of 1.5mm polished stainless steel can be labeled individually by you. In many fonts and sizes, your house number, name inscription or any inscription is possible. The inscription is done with a modern fiber laser in gray font color directly on the stainless steel, so the inscription is very durable. Stainless steel visually adapts to other materials with elegance and greatly enhances their appearance. This fascia is made of stainless steel, making it particularly corrosion resistant, rust-free, easy to clean, very stable and durable. This high-quality mailbox accessory is suitable for all mailbox models GOETHE E1, but also makes your old mailbox look like new.

The stainless steel application is equipped with back bolts for easy installation.

- Faceplate is made of 1,5mm stainless steel V2A, ground.
- Dimensions: WHD 389x50x1,5mm.
- Bolts on the back.
- Individual inscription.
- Suitable for all letterbox models GOETHE E1.
