## Design video door phone GOETHE UP with COMELIT switch - VIDEO Complete kit - RAL of your choice

High-quality manufactured door station with a seamlessly integrated Comelit video intercom. The modern video intercom GOETHE is ideal for the demanding entrance area. The Comelit video intercom is an innovative solution with features such as face recognition, voice commands and operation via app with your smartphone. Completely pre-programmed for easy installation - connect 2 wires and DONE! Optionally with gateway without home station or with WiFi home station.

The letterbox systems of the GOETHE collection are characterized by the consistent use of stainless steel. The result is a very high durability and sustainability. The design has been developed by our own engineers with regard to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are directly available in our store. Thanks to the design, self-assembly is uncomplicated.

### Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- Flush-mounted door station completely made of stainless steel, powder-coated in RAL of your choice.

- Optionally with house number inscription approx. 60-80mm high.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder coated in RAL color.

### Important information

#### Camera or intercom preparation

**Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, mounting and installation.**

#### Water protection

To achieve optimum water protection for your mail, the mailbox or mailbox system should be located under a canopy if possible. Mail is only protected from water when it is completely inserted in the box and the insertion flap is closed. Mail that is not completely inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not a reason for complaint.

### Abmessungen & Details

Number of parties:	1
Base material:	Stainless steel
Number of bell buttons:	1
Height in cm:	Außenmaß 45,0   Einbaumaß 40,3
Width in cm:	Außenmaß 25,0   Einbaumaß 20,3
Overall height in cm:	recommended 140.0 - 160.0
Depth in cm:	10.0   installation dimension 9.85
