9-unit 5x2 surface-mounted mailbox system Design BASIC 385A- VA AP - stainless steel V2A, brushed | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | Stainless steel, brushed | with 9 mailboxes

Product number 385A-VA-9W

Product description

Wide surface-mounted mailbox system BASIC 385A for 9 households – brushed stainless steel V2A

The BASIC 385A surface-mounted mailbox system for 9 households is a robust wall-mounted solution for apartment buildings, residential complexes and commercially used properties. The wider W variant distributes the mailboxes across a multi-column front and keeps the overall system relatively low and neat.

The mailbox system is made from high-quality stainless steel V2A in a brushed finish. Mailboxes, cladding and rain canopy form a timeless, low-maintenance and durable stainless steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm mail slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with a key number and an interchangeable nameplate beneath the flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Rain canopy and side cladding

The rain canopy and side panels combine the individual compartments into a closed surface-mounted system. The coordinated cladding provides a uniform front and a neat finish at the façade.

DIN C4 slot and 12-litre volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm slot also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the mail flap. Robust locks, two keys with a key number and protected interchangeable nameplates ensure unambiguous use of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fixings with screws and wall plugs are included in the described specification.

Completely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for long-lasting surface-mounted mailbox systems. The unit is manufactured in Germany by Briefkasten Manufaktur Lippe.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 9 separately lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A 1.4301, brushed
Surface Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Mail slot 35 × 265 mm, suitable for DIN C4 (portrait)
Mail flaps With noise-dampening rubber lip
Mail retrieval Front access
Door opening Doors open from left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate beneath the flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Solid, matching rain canopy
Mounting type Surface-mounted wall installation
Mounting aid Mounting rail
Fixings Screws and wall plugs included; check suitability for the wall construction on site
Manufacture Manufactured in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall structure; for other substrates or external thermal insulation systems, appropriate fixing solutions must be determined on site.

Briefkasten Manufaktur Lippe GmbH

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Number of boxes	with 9 letterboxes
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
