8-unit (4x2) design flush-mounted mailbox system GOETHE UP - RAL colour of your choice | 100mm depth | with 8 mailboxes

Product number 215-UP-8-100

Product description

8-unit 4x2 design flush-mounted mailbox system GOETHE UP - RAL colour of your choice

High-quality manufactured 8-party flush-mounted mailbox system. The modern GOETHE mailbox is ideal for sophisticated entrance areas. The straight-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large mail slot ensures that C4 envelopes and magazines, even after several days' absence, do not arrive creased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the retrieval door prevents the mail from falling out towards you. The drainage edge ensures that the internal mail is optimally protected from the weather. The flap is fitted with high-quality hinge dampers, guaranteeing quiet closing and preventing annoying rattling caused by weather. The interchangeable Plexiglas nameplates can be conveniently accessed from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an insert for advertising Yes/No.

The GOETHE collection's mailbox systems are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part assembly and uncomplicated self-installation. Spare parts for all GOETHE systems are available directly from our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model under DPMA file number DE: 20 2021 101 679.5

- 8-unit flush-mounted mailbox system made entirely of stainless steel.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per household.
- Mail is deposited and retrieved from the front. Flap fitted with high-quality hinge dampers for very quiet posting of mail.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters also fit without folding.
- Retrieval doors open from top to bottom, so the mail cannot fall out towards you.
- Plexiglas nameplate for name labelling and second nameplate with advertising Yes/No insert per household.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, where possible, be located under a canopy.

Mail is only protected from water if it is placed completely inside the box and the flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
