Surface-mounted parcel box KANT Edition with airlock technology - Design Elegance 4 - DB 703 micaceous iron ore

The KANT Edition parcel box is an innovative solution that combines **elegant design** and functional convenience. With its minimalist design, which features an invisible lock and stylish labeling options, it blends seamlessly into modern living environments. You can rely on **long-lasting quality** thanks to our excellent choice of materials and precise workmanship.

The generous opening allows parcels up to a size of 360 x 250 x 130 mm to be posted, meaning that parcels up to parcel size M can also be posted securely and without any problems. A special highlight is the protective flap, which not only elegantly covers the opening but also the lock and protects it from moisture. Thanks to the integrated airlock technology, the deposited parcels can only be removed from the bottom of the lock-secured compartment, which prevents theft by tampering from above. A parcel box for the simple receipt of parcels, parcel receipt independent of the deliverer! Any parcel deliverer (e.g. DHL, DPD, TNT, GLS, Hermes, etc.) can use this parcel box. Thanks to the airlock technology and 85 liter capacity, it is possible to receive several parcels. For daily mail, we recommend the KANT letter box in a matching design.

Self-assembly is straightforward thanks to the sophisticated design.

- High-quality surface-mounted parcel box made of galvanized steel, powder-coated in DB 703 micaceous iron ore fine structure matt.
- Elegance 4 design: stainless steel trim, 240 grit polished.
- Parcel compartment volume: approx. 85 liters, max. Parcel dimensions: 360 x 250 x 130 mm (WHT), corresponding to parcel size M.
- Large insertion flap with airlock technology for multiple parcel loading.
- Drop-in flap with damping for quiet closing.
- The door can be opened from top to bottom.
- Includes 2 keys with key number.
- Optional name lettering approx. 8-25 mm high.
- Optional house number lettering approx. 100-120mm high.
- For surface wall mounting including mounting screws.

Important information:

To achieve optimum water protection for your parcels, the parcel box or parcel box system should be located under a canopy if possible.

The parcels are only protected from water if they are completely placed in the box and the flap is closed. Parcels that are not fully inserted allow moisture and dirt to enter the parcel box. Water ingress is not a reason for complaint.

Abmessungen & Details

Number of parties:	1
Item withdrawal:	Front
Base material:	Steel galvanized
Height single box in cm:	58,0
Width single box in cm:	44,0
