9-unit 5x2 design flush-mounted mailbox system GOETHE UP - RAL colour of your choice | 100mm depth | with 9 mailboxes

Product number 215-UP-9-100

Product description

9-unit 5x2 design flush-mounted mailbox system GOETHE UP - RAL colour of your choice

High-quality manufactured 9-party flush-mounted mailbox system. The modern mailbox GOETHE is ideal for the discerning entrance area. Its straight-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large opening ensures that DIN C4 envelopes and magazines — or post accumulated after several days away — are not creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The lock is arranged so that the collection door prevents your post from falling out. Thanks to the drip edge, the inner post is optimally protected from the weather. The inlet flap is equipped with high-quality pivot dampers, ensuring quiet closing and preventing rattling caused by weather. The interchangeable Plexiglas nameplates can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an advertising Yes/No insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare parts installation and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- 9-unit flush-mounted mailbox system entirely made of stainless steel.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative Push-Key lock with 2 keys per unit.
- Letters are inserted and collected from the front. Inlet flap with high-quality pivot dampers for very quiet posting.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large envelopes also fit without being folded.
- Collection doors open from top to bottom, preventing your post from falling out towards you.
- Plexiglas nameplate for name inscription and a second nameplate "Advertising Yes/No" per unit.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal water protection for your post, the mailbox or mailbox system should, where possible, be located under a canopy.

Post is only protected from water if it is placed completely inside the box and the inlet flap is closed. Partially inserted post allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not a reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
