Product number 385A-7016-6W

Product description

Wide surface-mounted mailbox system BASIC 385A for 6 households – RAL 7016 Anthracite grey

The BASIC 385A surface-mounted mailbox system for 6 households is a robust wall solution for apartment buildings, smaller residential complexes and office or medical practice premises. The wider W configuration distributes the mail compartments across a multi-column front, keeping the overall system proportionally lower and easier to survey.

The mailboxes are made from galvanised steel and are powder-coated in RAL 7016 Anthracite grey with a fine-textured matt finish. The close-fitting cladding with rain hood unites the individual compartments into a closed, modern surface-mounted system.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm mail slot is designed to accept DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with key number and a changeable nameplate beneath the mail slot.

Advantages of the BASIC 385A surface-mounted system at a glance

Rain hood and side cladding

Rain hood and side panels combine the individual mail compartments into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 mail slot and 12-litre volume

The 300 × 110 × 385 mm (W × H × D) compartments each offer approx. 12 litres of volume. The 35 × 265 mm mail slot also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the mail slot flap. Robust locks, two keys with key number and protected changeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixing materials with screws and wall plugs are included in the described configuration.

Robust finish in RAL 7016

The anthracite grey fine-textured surface gives the system a modern appearance and protects the galvanised steel for daily use on the building. The system is manufactured in Germany by Briefkasten Manufaktur Lippe.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 6 individually lockable mail compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Galvanised steel, powder-coated in RAL 7016 Anthracite grey fine-textured matt
Finish RAL 7016 Anthracite grey fine-textured matt
Standard DIN EN 13724

Mail and operation

Mail slot 35 × 265 mm, suitable for DIN C4 portrait
Mail slot flaps With noise-damping rubber lip
Mail removal Front access
Door opening Opens from left to right
Keys 2 keys with key number per mailbox
Nameplate Changeable nameplate beneath the mail slot

Cladding and wall mounting

Side cladding Close-fitting design
Rain hood Sturdy, matching design for the system
Type of mounting Surface wall mounting
Mounting aid Mounting rail
Fixings Screws and wall plugs included; suitability for the on-site wall construction must be checked
Manufacturing Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be flat and have sufficient load-bearing capacity. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the mail slot flap is closed. Overhanging letters or magazines may prevent the flap from closing completely.

Product properties

Material	Steel, galvanised
Series	BASIC
Number of boxes	with 6 letterboxes
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Surface/colour	RAL 7016 anthracite grey
Removal of mail	On the front
Mounting type	Surface-mounted
