Surface mount mailbox Design BASIC 382A AP - DB703 micaceous iron ore

The surface-mounted mailbox is made of galvanized steel, powder-coated in DB703 micaceous iron ore. The very high quality workmanship and the sophisticated concept make this mailbox our top seller. A rain drainage edge for optimal water protection, a throw-in flap with rubber lip, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this mailbox. This high-quality surface-mounted mailbox is only available from us.

- Mailbox made of galvanized sheet steel, powder coated in DB703 micaceous iron ore fine structure.
- The system is created at the letterbox manufaktur. German quality production "Made in Germany".
- The mailbox complies with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flap with noise-damping rubber lip for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket.
- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- For wall mounting (incl. mounting material), optionally without rear perforation. Suitable for battery mounting without rain cover.
