Stainless steel surface mailbox Design BASIC 382A AP

The complete surface-mounted mailbox is made of weather-resistant stainless steel, ground. The very high quality workmanship and the sophisticated concept make this stainless steel mailbox our top seller. A rain drainage edge for optimal water protection, a double-edged access flap with rubber bumper, the solid change name plate, a practical post holder and the very robust lock distinguish this stainless steel mailbox. This high-quality stainless steel surface mailbox is only available from us.

- Mailbox made of weather-resistant stainless steel, ground.
- The system is created at the letterbox manufactory. German quality production "Made in Germany".
- The letterbox complies with DIN/EN 13724. Throw-in size (3.5 cm x 32.5 cm) for C4 crosswise, large letters fit in here without bending.
- Insertion flap with noise-dampening rubber buffers for very quiet insertion of mail.
- The door can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail retaining bracket.
- Large capacity due to optional mailbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- For wall mounting (incl. mounting material), optionally without rear perforation. Suitable for battery mounting.

Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Stainless steel V2A must be maintained regularly and should not be used in salty areas. For cleaning and maintenance we recommend our maintenance oil. See accessories.

Abmessungen & Details

Number of parties:	1
Item withdrawal:	Front
Base material:	Stainless steel
Height single box in cm:	33,0
Width single box in cm:	35,5
