4-unit flush-mounted mailbox system BASIC - Edition NELLY - Bi-Colour VA RAL 7016 anthracite grey | with 4 mailboxes

Product number 382U-7016VA-BS-4

Product description

4-unit flush-mounted mailbox system BASIC – Edition NELLY – bi-colour stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a noticeably more individual appearance. The mailbox body is made of galvanised steel and is powder-coated in RAL 7016 Anthracite grey, fine-textured matt, while the letter flaps are made of stainless steel V2A 1.4301 with a 240-grit brushed finish. This deliberate bi-colour contrast looks modern and high-quality and can be combined with many front doors, windows and façades. As a flush-mounted version with 4 mailboxes, NELLY is not only intended for mail reception but also serves as a neatly designed component of the entrance area. The powder-coated plaster cover frame provides a clear finish to the façade; its upper area becomes the characteristic NELLY labelling surface.

Key benefits of Edition NELLY

Labelling frame as part of the façade

In the flush-mounted version, customisation is integrated directly into the architecture: the upper area of the plaster cover frame serves as the labelling surface for house number and/or street name. This creates no additional sign solution but a calm, integrated NELLY look.

Bi-colour: RAL 7016 meets brushed stainless steel

The mailbox body is made of galvanised steel and powder-coated in RAL 7016 Anthracite grey, fine-textured matt. The letter flaps, by contrast, are stainless steel V2A 1.4301 with a 240-grit brushed finish. The stainless steel plaster cover frame is powder-coated and sets the anthracite-grey body neatly off from the façade.

Large opening for DIN C4

The 35 × 325 mm letter slot is designed for DIN C4 in landscape format. Larger letters can also be inserted without being folded. The mailbox version complies with DIN EN 13724.

Quiet operation in everyday use

The brushed stainless steel letter flaps are fitted with a noise-dampening rubber seal. A mail retention bar supports controlled retrieval, while the doors open from left to right.

Solid plaster cover frame 25 × 58 mm

The plaster cover frame consists of a 25 × 58 mm stainless steel angle profile made from 1.5 mm V2A 1.4301. Powder-coated in a RAL colour, it forms a clear, robust finish between the mailbox system and the façade.

Equipment and technical features

Material and mailbox

Version 4 mailboxes
Mailbox body Galvanised steel; RAL 7016 Anthracite grey, fine-textured matt
Letter flaps Stainless steel V2A 1.4301, 240-grit brushed finish
Letter slot 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate under the letter flap
Mail retention bar Integrated per mailbox
Mail retrieval Front access
Door opening From left to right
Locking system Depending on the chosen product configuration

Installation and construction

Installation type Flush-mounted
Plaster cover frame Stainless steel angle profile 25 × 58 mm made from 1.5 mm stainless steel V2A 1.4301, powder-coated
Labelling surface Upper plaster cover frame with individual laser engraving
Rain runoff edge Integrated into the construction
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail is best protected from moisture and dirt when it is fully inserted and the letter flap is closed. Protruding items may prevent the flap from closing completely.

Note on flush-mounted installation

The flush-mounted installation should be carried out professionally in the intended wall construction. When installing in insulated external walls, particular attention must be paid to sealing and possible thermal bridges.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Number of boxes	with 4 letterboxes
Name labelling	Nameplate
House number	House number as laser engraving
Surface/colour	RAL 7016 anthracite grey, Brushed
Removal of mail	On the front
Mounting type	Flush-mounted
