Surface mount mailbox Design BASIC 382A AP with bell box & newspaper compartment - stainless steel RAL 7016 anthracite gray

High quality surface mount mailbox made in Germany by Briefkasten Manufaktur. The mailboxes are made of galvanized steel, powder coated in RAL color fine structure matt, the access flap is made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this mailbox our top seller. A rain drainage edge for optimal water protection, rubber buffers for a quiet insertion, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this mailbox. This mailbox is easy to clean and insensitive. The design of your entrance area will be perfect if you combine the self-adhesive stainless steel house number (not included, see accessories).

Important information

Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, installation and wiring.

Water protection

Mail is protected from moisture and contamination only when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
