Product description

6-unit 3×2 stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box - stainless steel V2A

High-quality surface-mounted mailbox for 4 parties made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, brushed. The very high-quality workmanship and the well thought-out concept make this mailbox one of our bestsellers. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet posting, the solid interchangeable nameplate, a practical mail-retaining bar and the very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete installation; there is no need for time-consuming wall mounting of individual boxes. 4-unit surface-mounted mailbox made of weather-resistant stainless steel V2A 1.4301, 240-grit brushed.

The advantages at a glance

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet posting and comfortable removal

The integrated flap damping with rubber seal reduces impact noise during posting. The mail-retaining bar holds items back during removal.

Integrated bell and intercom area

Bell/intercom section according to the chosen configuration. A stainless steel doorbell push-button Type 4 is used as the bell button. Optionally prepared with a speech grille for the installation of commercially available intercom systems or flush-mount loudspeakers. (Intercom system/flush-mount loudspeaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacturing and thoughtful design

The unit is manufactured at Briefkasten Manufaktur in Germany. The design is tailored for straightforward self-installation.

The mail is best protected from moisture and soiling when fully inserted and with the letter flap closed. Protruding items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fixings must be matched to the weight of the unit and the existing wall construction.
