4-unit 2x2 designer flush-mounted mailbox system GOETHE UP - RAL colour of your choice | 100mm depth | with 4 mailboxes

Product number 215-UP-4

Product description

4-unit 2x2 recessed mailbox system GOETHE UP - RAL colour of your choice

High-quality manufactured 4-unit recessed mailbox system for four households. The modern GOETHE mailbox is ideal for a discerning entrance area. Its clean-lined design without a visible lock gives this mailbox an especially elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large aperture ensures that even C4 envelopes and magazines — or post accumulated during extended absences — remain uncreased. The innovative push-key lock is concealed inside the mailbox. The key is simply inserted into the provided opening (no turning required) and the door opens. The lock arrangement and design of the retrieval door prevent the mail from falling out towards you. The drip edge protects the internal mail optimally from the weather. The insertion flap is equipped with high-quality hinge dampers to ensure quiet closing and to prevent rattling caused by weather. The interchangeable Plexiglas nameplates can be easily accessed from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with a Yes/No advertising insert.

The mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility/modularity, simple spare parts installation and straightforward self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the construction design, self-assembly is uncomplicated.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- 4-unit recessed mailbox, entirely made of stainless steel.
- Mailboxes made of stainless steel 1.4016 (corrosion-resistant magnetic stainless steel), powder-coated in RAL colour of your choice.
- Quality manufacture - Made in Germany by Briefkasten Manufaktur Lippe.
- Innovative push-key lock with 2 keys per unit.
- Mail is inserted and retrieved from the front. Insertion flap with high-quality hinge dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters fit without being creased.
- Retrieval doors open from top to bottom, so the mail cannot fall out onto you.
- Plexiglas nameplate for name labelling and a second nameplate with Yes/No advertising insert per unit.
- Plaster cover frame made of stainless steel angle profile 25 x 58 mm, powder-coated in RAL colour.

Important information:

To achieve optimal protection of your mail from water, the mailbox or mailbox system should, if possible, be located under an overhang.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows the ingress of moisture and dirt into the mailbox. This system is protected against ingress of water according to DIN EN 13724. Water ingress is not a valid reason for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
