2-unit surface-mounted mailbox system Design BASIC 385A-9016 AP - RAL 9016 traffic white | RAL 9016 Traffic White, fine-textured matt | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 2 letterboxes (1x2)

Product number 385A-9016-2S

Product description

Slim surface-mounted mailbox system BASIC 385A for 2 households – RAL 9016 Traffic White

The BASIC 385A surface-mounted mailbox system for 2 households is a robust wall-mounted solution for two-family houses, properties with a granny flat and smaller office buildings. The vertically arranged S configuration reduces the horizontal space requirement and makes particularly efficient use of the available wall height.

The mailboxes are made of galvanised steel and are powder-coated in RAL 9016 Traffic White with a fine-textured matt finish. The light surface provides a clear, understated design for modern entrance areas.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with a key number and an interchangeable name plate beneath the letter flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Rain canopy and side cladding

Rain canopy and side panels combine the individual compartments into a single closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 letter slot and 12 litres volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the letter flap. Robust locks, two keys with key number and protected interchangeable name plates ensure clear assignment of the individual compartments.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fixings with screws and wall plugs are included in the described configuration.

Bright surface in RAL 9016

Traffic White in a matt fine-texture appears bright and linear while protecting the galvanised steel construction of the surface-mounted system. The system is manufactured in Germany by Briefkasten Manufaktur.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 2 separately lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Galvanised steel, powder-coated in RAL 9016 Traffic White fine-textured matt
Surface RAL 9016 Traffic White fine-textured matt
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Letter flaps With noise-damping rubber lip
Mail retrieval Front access
Door opening From left to right
Keys 2 keys with key number per mailbox
Name plate Interchangeable name plate beneath the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Solid, system-matching design
Mounting type Surface-mounted wall installation
Mounting aid Mounting rail
Fixings Screws and wall plugs included; suitability for the on-site wall construction should be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems (ETICS), appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the letter flap is closed. Protruding letters or magazines may prevent the flap from closing completely.

Product properties

Material	Steel, galvanised
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Mounting type	Surface-mounted
Surface/colour	RAL 9016 traffic white
