Product description

11-unit 6x2 stainless steel flush-mounted letterbox system BASIC Plus 382XU UP - RAL of choice - 11 households

Modern flush-mounted letterbox for 11 households - made in Germany by Briefkasten Manufaktur.

The letterbox is made entirely of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this flush-mounted letterbox one of our bestsellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet posting, the solid interchangeable nameplate, a practical mail-retaining bar and the very robust lock characterise this flush-mounted letterbox. The flush-mounted frame made of stainless steel V2A is fitted with a foam rubber seal and guarantees very high durability.

The letterbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and straightforward self-installation. Spare parts are directly available for all BASIC Plus systems.
