Stainless steel application 361.5x93 for KANT - self-adhesive - polished stainless steel

The stainless steel application made of 1 mm polished stainless steel is a beautiful letterbox decoration and very easy to retrofit. The design panels can be individually labeled by you. Your house number, name or any other lettering is possible in many fonts and sizes. The lettering is applied directly to the stainless steel using a modern fiber laser in a grey font color, making the lettering very durable. Stainless steel blends in elegantly with other materials and greatly enhances their appearance. This cover is made of stainless steel and is therefore particularly corrosion-resistant, rust-free, easy to clean, very stable and durable. This high-quality letterbox accessory is suitable for all BASIC 862 letterbox models, but also makes your old letterbox look like new. Installation on smooth or finely textured surfaces is easy with the adhesive dots supplied.

- Cover made of 1 mm stainless steel V2A, polished.
- Dimensions: WHD 361.1x93x1mm.
- Self-adhesive.
- Individual lettering.
- Suitable for letterbox models 303-E1 and 303-E4 as a replacement or 303-C2 and 303-C as an individual cover.
