### Stainless steel surface mailbox BASIC - various RAL colors & sizes

High-quality manufactured surface-mounted letterbox BASIC made of stainless steel V2A 1.4301. With changeable name plate under the access flap. The letterbox is attached via the rear perforation or the optional rod mat holder in the fence.

- Wall-mounted letterbox made of stainless steel, powder-coated according to RAL color.
- The mailbox is created at the mailbox manufactory. German quality production "Made in Germany".
- With changeable nameplate under the access flap and 2 keys.
- Removal from the front, the removal door can be opened from left to right.
- · Insertion flaps with noise-damping rubber seal.
- Optional house number inscription, lasered approx. 60-80mm high.

• For wall mounting (incl. mounting material), optionally without rear perforation. Suitable for battery mounting. Optional bar mat holder for fence mounting possible.

#### Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
