Product number 385XA220-2

Product description

Surface-mounted mailbox system BASIC Plus 385XA 220 for 2 households – 25 litres per compartment – RAL colour of your choice

The BASIC Plus 385XA surface-mounted mailbox system for 2 households is a robust wall-mounted solution for semi-detached houses, properties with a secondary flat and smaller office buildings. The balanced arrangement groups all mail compartments into a clearly structured and visually closed wall unit.

The BASIC Plus mailbox system is made entirely from stainless steel V2A and is powder-coated in the selected RAL colour. The modular construction is designed for durability, easy installation and good spare parts availability.

Each compartment measures 300 × 220 × 385 mm (W × H × D) and offers approx. 25 litres of volume. The 35 × 265 mm mail slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox includes two keys with a key number and a replaceable nameplate beneath the letter flap.

The advantages of the BASIC Plus 385XA 220 surface-mounted system at a glance

Rain canopy and side panels

The rain canopy and side panels unite the individual mailboxes into a single closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish to the façade.

25 litres mail volume per compartment

The 300 × 220 × 385 mm (W × H × D) mail compartments each offer approx. 25 litres of volume. The 35 × 265 mm slot also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the letter flap. Robust locks, two keys with key number and protected interchangeable nameplates ensure clear assignment of each mailbox.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fastening material with screws and wall plugs is included in the described configuration.

BASIC Plus in RAL colour of choice

V2A stainless steel forms the robust base; the powder coating can be applied in the desired RAL colour to match the façade, front door and window profiles. BASIC Plus also stands for consistent V2A use, modular construction and readily available spare parts.

Specification of the BASIC Plus 385XA 220 mailbox system

Mailbox system

Number of mailboxes 2 separately lockable compartments
Single compartment 300 × 220 × 385 mm (W × H × D)
Volume Approx. 25 litres per mailbox
Material Stainless steel V2A, powder-coated in RAL colour of choice
Finish Powder-coated in RAL colour of choice
Standard DIN EN 13724

Mail and operation

Mail slot 35 × 265 mm, suitable for DIN C4 (portrait)
Letter flaps With noise-damping rubber lip
Mail removal Front access
Door opening Left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Robust, matching the system
Installation type Surface-mounted wall installation
Assembly aid Mounting rail
BASIC Plus Modular construction with readily available spare parts
Fastening material Screws and wall plugs included; suitability for on-site wall mounting to be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems (ETICS), suitable fastening solutions must be specified on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the letter flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

BASIC Plus construction

The BASIC Plus series consistently uses V2A stainless steel and a modular, installation-friendly construction. Spare parts for BASIC Plus systems are readily available.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	BASIC
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Boxes by volume	Large > 16 litres
Mounting type	Surface-mounted
