Product number 382XA-4-SP-150-O

Product description

4-unit Stainless Steel Surface-mounted Mailbox Design BASIC Plus 382XA AP with Bell Module – RAL Colour of Choice

High-quality surface-mounted mailbox for 4 households made in Germany by Briefkasten Manufaktur. The mailbox is entirely made of stainless steel V2A, powder-coated in a RAL colour of your choice. The high-quality workmanship and the well-thought-out concept make this mailbox one of our bestsellers. A rain runoff edge for optimal water protection, a continuous rubber lip for quiet insertion, a sturdy interchangeable nameplate, a practical mail retention bracket and a very robust lock characterise this surface-mounted mailbox.

The mailbox units of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility/modularity, easy replacement-part installation and straightforward self-assembly. Spare parts are directly available for all BASIC Plus units.

Thanks to the design, self-assembly is straightforward. The mailbox unit is prepared for uncomplicated complete installation; there is no need for complex wall mounting of individual boxes. 4-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour of your choice.

The benefits at a glance

Stainless steel side cladding with weather canopy

Side cladding and weather canopy are made of stainless steel V2A, powder-coated in the RAL colour of your choice, and complement the unit as a structurally coordinated weather protection.

Generous letter slot

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60
32105 Bad Salzuflen

Handelsregister Amtsgericht Lemgo, HRB 8618

The slot measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bracket holds items back during removal.

Integrated bell and intercom section

Bell/intercom section made of stainless steel V2A, powder-coated in RAL colour. The stainless steel doorbell push button Type 4 is used. Optionally prepared with a speech grille for the installation of standard intercom systems or flush-mounted speakers. (Intercom system/flush-mounted speaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacturing and considered construction

The unit is manufactured by Briefkasten Manufaktur in Germany. The construction is designed for uncomplicated self-assembly.

Equipment and product details

Mailbox unit

Number of mailboxes 4 independently usable mail compartments

Handelsregister Amtsgericht Lemgo, HRB 8618

Mail is best protected from moisture and soiling when fully inserted and the letter flap is closed. Protruding items can prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fastenings must be matched to the weight of the unit and the existing wall construction.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
