2-compartment 1x2 Stainless Steel Surface Mount Mailbox Design BASIC 382A-AP

High quality stainless steel surface mailbox for 2 parties made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made of weather-resistant stainless steel, ground. The very high quality workmanship and the sophisticated concept make this stainless steel mailbox system to our top seller. A rain drainage edge for optimal water protection, a double-edged access flap with rubber bumper, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this stainless steel surface mailbox system.

Thanks to the construction method, self-assembly is uncomplicated. The mailbox system is prepared for uncomplicated complete assembly, here no complex wall mounting of individual boxes must take place.

- 2-compartment Surface-mounted mailbox made of weather-resistant stainless steel, ground.
- The system is created at the letterbox manufactory. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insert size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber buffers for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.
- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Additional rain protection is achieved by the optional rain protection roof made of stainless steel V2A, ground. The rain canopy is applied flush with the back, so that wall mounting of the system is possible.
- For wall mounting incl. mounting material (screws + dowels).

Important information:

Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Stainless steel V2A must be maintained regularly and should not be used in salty areas. For cleaning and maintenance we recommend our maintenance oil. See accessories.

Abmessungen & Details

Number of parties:	2
Item withdrawal:	Front
Base material:	Stainless steel
Height single box in cm:	33,0
Width single box in cm:	35,5
