2-compartment Surface mount mailbox Design BASIC 382A AP with bell box - RAL 7016 anthracite gray

High quality stainless steel surface mailbox for 2 parties made in Germany by Briefkasten Manufaktur.

The complete surface mailbox system is made of galvanized steel, powder coated in RAL 7016 anthracite gray. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A rain drainage edge for optimum water protection, a double-edged access flap with rubber buffer, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this surface-mounted mailbox system.

Thanks to the construction method, self-assembly is uncomplicated.

• 2-compartment Surface-mounted mailbox made of galvanized steel, powder-coated in RAL 7016 anthracite gray

- The system is made at the letterbox manufactory. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber buffers for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.
- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Additional rain protection is achieved by the optional rain protection roof, flush at the back and protruding to the front, made of stainless steel V2A, powder coated in RAL anthracite gray 7016 fine structure.
- For wall mounting incl. fixing material (screws + dowels). For fence mounting also available without rear perforation (perforation must be provided by customer).
- **Speech bell part made of galvanized steel, powder-coated in RAL 7016 anthracite gray**
- Speech perforation with universal adapter. (Intercom system/built-in loudspeaker not included). Optionally also available without speech perforation.
- Universal adapter is suitable for all commercially available built-in speakers (Siedle, Ritto, TCS, Busch-Jäger, Gira, Legrand Bticino, ELCOM, Auerswald, Comelit and many more).
- 2x round stainless steel bell push button type: Grothe Protact, max. 24 V AC/DC, 1,5 A, IP 54 (pressure force limitation).
- Anti-vandalism - The nameplate is dent-proof and impact-resistant, the plastic is flame-retardant.

Important information

Camera or intercom preparation

Intercom systems must be connected by an electrician. Contact your trusted electrician for planning, installation and wiring.

Water protection

Mail is only protected from moisture and dirt when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
