4-part set stainless steel V4A bolt anchor BZ plus A4, M10, total length 110mm

The Bolzenanker BZ Plus with European technical assessment is due to its performance and its one-piece and Fast assembly used for a variety of applications. The two approved anchoring depths of the bolt anchor BZ Plus enable one in connection with the long thread flexible use, whereby the reduced anchoring depth time during Saving drilling and reducing the assembly effort. When using a Suction drill also fails to blow out the borehole.

- 4 pieces of bolt anchor BZ plus A4
- m10x40
- for borehole 10x75, t fixed 20mm
- length 110mm
- approved for cunning and non-proven concrete
- The BZ Plus is fire protection-checked
