20-unit (5x4) stainless steel surface-mounted mailbox system Design BASIC 385XA AP – RAL colour of your choice | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | ? Colour of your choice | with 20 mailboxes

Product number 385XA-20S

Product description

Slim surface-mounted mailbox system BASIC Plus 385XA for 20 tenants – RAL colour of your choice

The BASIC Plus 385XA surface-mounted mailbox system for 20 tenants is a robust wall solution for larger apartment blocks, residential complexes and commercial properties. The vertically organised S-design reduces horizontal space requirements and utilises the available wall height particularly efficiently.

The BASIC Plus mailbox system is constructed entirely from stainless steel V2A and is powder-coated in the chosen RAL colour. The modular construction is designed for durability, simple installation and good spare-parts availability.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of capacity. The 35 × 265 mm mail slot is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with key number and an interchangeable nameplate beneath the mail flap.

The advantages of the BASIC Plus 385XA surface-mounted system at a glance

Rain canopy and side cladding

The rain canopy and side panels combine the individual compartments into a closed surface-mounted system. The coordinated cladding provides a neat front and a clean finish at the façade.

DIN C4 mail slot and 12-litre capacity

The 300 × 110 × 385 mm (W × H × D) mailboxes each offer approx. 12 litres of capacity. The 35 × 265 mm slot also accepts larger DIN C4 items in portrait format.

Quiet posting and secure allocation

The rubber lip damps the mail flap. Robust locks, two keys with key number and protected interchangeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fixings including screws and wall plugs are included in the specified version.

BASIC Plus in RAL colour of your choice

V2A stainless steel forms the robust base; the powder coating can be applied in the desired RAL colour to match the façade, front door and window frames. BASIC Plus additionally stands for consistent use of V2A, modular construction and readily available spare parts.

Equipment of the BASIC Plus 385XA mailbox system

Mailbox system

Number of mailboxes 20 individually lockable mailboxes
Individual compartment 300 × 110 × 385 mm (W × H × D)
Capacity Approx. 12 litres per mailbox

Finish Powder coating in RAL colour of your choice
Standard DIN EN 13724

Mail and operation

Mail slot 35 × 265 mm, suitable for DIN C4 in portrait format
Mail flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate beneath the mail flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Solid, matching the system
Mounting type Surface-mounted wall installation
Assembly aid Mounting rail
BASIC Plus Modular construction with readily available spare parts
Fixings Screws and wall plugs included; suitability for on-site wall construction should be checked
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and soiling only when items are fully inserted and the mail flap is closed. Protruding letters or magazines may prevent the flap from closing completely.

BASIC Plus construction

The BASIC Plus series consistently uses V2A stainless steel and a modular, installation-friendly construction. Spare parts are directly available for BASIC Plus systems.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	BASIC
