4-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box - stainless steel V2A | 100mm depth | with 4 mailboxes (2x2) | Centre | Stainless steel, brushed

Product number 382XA-VA-4-SP-100-M

Product description

4-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box - stainless steel V2A

High-quality surface-mounted mailbox for 4 households manufactured in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, brushed. The very high-quality workmanship and the well thought-out concept make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a robust interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted mailbox.

The mailbox units of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part installation and straightforward self-installation. Spare parts are directly available for all BASIC Plus units.

Thanks to the design, self-installation is straightforward. The mailbox unit is prepared for uncomplicated complete installation; there is no need for complex wall mounting of individual boxes. 4-unit surface-mounted mailbox made of weather-resistant stainless steel V2A 1.4301, 240-grit brushed.

Benefits at a glance

Stainless steel side cladding with rain canopy

The side cladding and rain canopy are made of stainless steel V2A 1.4301, 240-grit brushed and complement the unit as coordinated weather protection.

Generous letter slot

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox complies with DIN EN 13724.

Quiet insertion and convenient retrieval

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during retrieval.

Integrated bell and intercom area

Bell box made of stainless steel V2A 1.4301, 240-grit brushed. A stainless steel bell push button Type 4 is used. Optionally prepared with a speech grille for the installation of standard intercom systems or flush-fit speakers. (Intercom system/flush-fit speaker not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacture and considered design

The unit is manufactured at Briefkasten Manufaktur in Germany. The design is intended for straightforward self-installation.

Equipment and product details

Mailbox unit

Number of mailboxes 4 separately usable mail compartments
Arrangement 2 × 2
Depth 100 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish 240-grit brushed
Bell/intercom section Bell box made of stainless steel V2A 1.4301, 240-grit brushed

Mail and operation

Insertion opening 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Insertion flap Noise-dampened by rubber seal
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the letter flap
Mail retention bar Integrated per mailbox

Mounting and equipment

Type of installation Surface-mounted
Rain drip edge Integrated into the design
Rain canopy Made of stainless steel V2A 1.4301, 240-grit brushed
Side cladding Made of stainless steel V2A 1.4301, 240-grit brushed
Mounting material For wall mounting incl. mounting rail and fixing materials (screws + wall plugs)
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail items are best protected from moisture and soiling when fully inserted and with the insertion flap closed. Oversized items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fixings must be matched to the weight of the unit and the existing wall structure.

Product properties

Series	BASIC
Number of bell push buttons	4 buttons
Functions	Light button, Intercom
Functional box prepared for manufacturer	GIRA, Busch Jaeger, Siedle, STR Elektronik, ELCOM, TCS, Ritto, ALGO, Telegärtner, Auerswald, Legrand Bticino, Comelit
Boxes by volume	Normal > 10 litres
Number of boxes	with 4 letterboxes
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Mounting type	Surface-mounted

Dimensions

Height of single box in mm	330.0
Width of single box in mm	355.0
Capacity in litres	12.0 | 17.0
Height of letterbox slot in mm	35.0
Width of letter slot in mm	325.0
Height of letterbox in mm	760.0
Width of letterbox system in mm	710.0
Total width in mm	710.0
