4-unit surface-mounted mailbox system Design BASIC 385A-9016 AP - RAL 9016 traffic white | RAL 9016 Traffic White, fine-textured matt | with 4 mailboxes (1x4) | 300x110x385 mm (WxHxD) - ?? Normal 12 litres

Product number 385A-9016-4S

Product description

Narrow surface-mounted mailbox system BASIC 385A for 4 households – RAL 9016 Traffic white

The BASIC 385A surface-mounted mailbox system for 4 households is a robust wall solution for multi-family homes, smaller residential complexes as well as office and medical premises. The vertically organised S-configuration reduces the horizontal space requirement and makes particularly efficient use of the available wall height.

The mailboxes are made of galvanised steel and are powder-coated in RAL 9016 Traffic white with a fine-textured matt finish. The light surface provides a clear, restrained design for modern entrance areas.

Each mailbox measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm slot is designed for DIN C4 items in portrait orientation. The doors open from left to right; each mailbox is supplied with two keys with key number and an interchangeable nameplate beneath the mail flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Rain hood and side panels

Rain hood and side panels unite the individual mailboxes into a closed surface-mounted system. The coordinated cladding provides a calm front and a neat finish at the façade.

DIN C4 slot and 12-litre volume

The 300 × 110 × 385 mm (W × H × D) mailboxes each offer approx. 12 litres of volume. The 35 × 265 mm slot also accepts larger DIN C4 items in portrait orientation.

Quiet insertion and secure allocation

The rubber lip damps the mail flap. Robust locks, two keys with key number and protected interchangeable nameplates ensure unambiguous use of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail simplifies installation; fixings with screws and wall plugs are included in the described configuration.

Light surface in RAL 9016

Traffic white in a fine-textured matt finish appears bright and straightforward while protecting the galvanised steel construction of the surface-mounted system. The system is manufactured in Germany at the Briefkasten Manufaktur.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 4 individually lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Galvanised steel, powder-coated in RAL 9016 Traffic white, fine-textured matt
Finish RAL 9016 Traffic white, fine-textured matt
Standard DIN EN 13724

Mail and operation

Slot 35 × 265 mm, suitable for DIN C4 portrait
Mail flaps With noise-damping rubber lip
Mail retrieval From the front
Door opening Opens from left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate beneath the mail flap

Cladding and wall installation

Side cladding Close-fitting design
Rain hood Robust, matching design for the system
Type of installation Surface-mounted wall installation
Installation aid Mounting rail
Fixings Screws and wall plugs included; check suitability for the on-site wall construction
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall installation

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the mail flap is closed. Protruding letters or magazines may prevent the flap from closing fully.

Product properties

Material	Steel, galvanised
Series	BASIC
Boxes by volume	Normal > 10 litres
Number of boxes	with 4 letterboxes
Name labelling	Nameplate
Removal of mail	On the front
Mounting type	Surface-mounted
Surface/colour	RAL 9016 traffic white

Dimensions

Height of single box in mm	110.0
