Product number 382XA-6-SP-100-M

Product description

6-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box – RAL colour of your choice

High-quality surface-mounted mailbox for 6 households made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well-thought-out concept make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a solid interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part installation and straightforward self-assembly. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete mounting; there is no need for elaborate wall mounting of individual boxes. 6-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour of your choice.

The advantages at a glance

Stainless steel side cladding with rain canopy

Side cladding and rain canopy are made of stainless steel V2A, powder-coated in a RAL colour of your choice and complement the system as a structurally matched weather protection.

Generous letter slot

Briefkasten Manufaktur Lippe GmbH

Handelsregister Amtsgericht Lemgo, HRB 8618

The slot measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox version complies with DIN EN 13724.

Quiet insertion and comfortable retrieval

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during retrieval.

Integrated bell and intercom area

Bell/intercom section made of stainless steel V2A, powder-coated in a RAL colour. The stainless steel bell push Type 4 is used as the bell button. Optionally prepared with a speech grille for fitting commercially available intercom systems or built-in speakers. (Intercom systems/built-in speakers not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacture and thoughtful design

The system is manufactured at Briefkasten Manufaktur in Germany. The design is intended for straightforward self-assembly.

Equipment and product details

Mailbox system

Number of mailboxes 6 separately usable compartments
Arrangement 2 × 3
Depth 100 mm

Ust.ID.Nr. DE303690847
Handelsregister Amtsgericht Lemgo, HRB 8618

The mail is best protected against moisture and contamination when fully inserted and the insertion flap is closed. Protruding items may prevent the flap from fully closing.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. The fixings must be matched to the weight of the unit and the existing wall construction.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
