4-compartment Stainless steel free-standing letterbox system BASIC Plus 384XP ST-P powder coated

High quality free-standing letterbox for 4 parties made in Germany by Briefkasten Manufaktur. The mailbox system is made of stainless steel V2A powder coated in RAL color. The very high quality workmanship and the sophisticated concept make this stainless steel mailbox system to our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail holding bracket and the very robust lock distinguish this mailbox system. The elegant rectangular pillars in flush design are made of solid 2 mm stainless steel V2A 1.4301, powder coated in RAL color and optionally equipped with a 10mm thick base plate for screw mounting.
The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus units.
• 4-compartment free-standing letterbox completely made of stainless steel V2A, powder coated in RAL color.
• The system is made at the letterbox manufactory. German quality production "Made in Germany".
• The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.
• Insertion flaps with noise-damping rubber seal for very quiet insertion of mail.
• Doors open from left to right.
• Incl. close-fitting side panel + rain cover made of stainless steel V2A, powder coated in RAL color.
• Incl. 2 keys with key number, changeable name plate under the insertion flap and mail holding bracket per mailbox.
• The pillars are made of W 20 mm x D 100 mm stainless steel V2A 1.4301, powder-coated in RAL color for setting in concrete or screw mounting. Optional cover rosettes in stainless steel V2A, ground.
Important information:
Mail is protected from moisture and dirt only when fully inserted and flap closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Abmessungen & Details

Number of parties:	4
Item withdrawal:	Front
Base material:	Stainless steel
Height single box in cm:	33,0
