2-compartment stainless steel surface-mounted mailbox BASIC Plus 382X AP with side-mounted doorbell box | Right | 100mm depth | with 2 letterboxes (2x1) | Stainless steel, brushed

Product number 382XA-2W-SP-100-R

Product description

2-unit stainless steel surface-mounted mailbox BASIC Plus 382X AP with side bell box

German quality manufacture "Made in Germany" by Briefkasten Manufaktur. The complete 2-unit surface-mounted mailbox is made from weather-resistant stainless steel V2A, brushed. A rainwater drip edge for optimal water protection, a double-folded mail flap with rubber buffer, the solid interchangeable nameplate, a practical mail retention bar and the very robust lock characterise this stainless-steel mailbox.

The mailbox systems of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-parts replacement and straightforward self-installation. Spare parts are readily available for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox unit is prepared for uncomplicated complete installation; there is no need for elaborate wall mounting of individual boxes. 2-unit surface-mounted mailbox made from high-quality, weather-resistant stainless steel V2A 1.4301, brushed.

Benefits at a glance

Close-fitting stainless-steel cladding with rain canopy

Side cladding and rain canopy are included in this version and are made from stainless steel V2A, brushed. The close-fitting design forms a closed, constructively coordinated unit with the mailbox system.

Generous letter slot

Briefkasten Manufaktur Lippe GmbH

Handelsregister Amtsgericht Lemgo, HRB 8618

The slot measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox design complies with DIN EN 13724.

Quiet insertion and convenient removal

The integrated flap damping with rubber buffer reduces impact noise during posting. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell box made from stainless steel V2A 1.4301, brushed. A stainless-steel doorbell push-button Type 4 is used. Optionally prepared with a speech grille for the installation of commercially available intercom systems or flush-fit loudspeakers. (Intercom system/flush-fit loudspeaker not included). A version with Comelit Ultra video complete set is also available as an option.

Quality manufacture and thoughtful design

The unit is manufactured at the Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-installation.

Features and product details

Mailbox unit

Number of mailboxes 2 separate mail compartments
Arrangement 2 × 1
Depth 100 mm
Mailbox material Stainless steel V2A 1.4301
Mailbox finish Brushed
Bell/intercom section Bell box made from stainless steel V2A 1.4301, brushed

Post and operation

Letter slot 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Mail flap Noise-damped by rubber buffer
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the mail flap
Mail retention bar Integrated for each mailbox

Installation and equipment

Type of installation Surface-mounted
Rainwater drip edge Integrated into the construction
Rain canopy Made from stainless steel V2A, brushed
Side cladding Made from stainless steel V2A, brushed
Mounting material For wall mounting incl. mounting rail and fixing material (screws + wall plugs)
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60
32105 Bad Salzuflen

Mail items are optimally protected from moisture and dirt when fully inserted and with the flap closed. Protruding items may prevent the flap from closing completely.

Note on wall mounting

Before installation, check the load-bearing capacity and condition of the wall. Fixings must be matched to the weight of the unit and the existing wall construction.

Product properties

Series	BASIC
Number of bell push buttons	1 button, 2 buttons, 3 buttons
Functions	Light button, Intercom
Functional box prepared for manufacturer	GIRA, Busch Jaeger, Siedle, STR Elektronik, ELCOM, TCS, Ritto, ALGO, Telegärtner, Auerswald, Legrand Bticino, Comelit
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Number of boxes	with 2 letterboxes
Removal of mail	On the front
Surface/colour	Brushed
Mounting type	Surface-mounted
