12-unit (6x2) designer surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 12 mailboxes

Product number 215-AP-12-100

Product description

12-unit (6x2) design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 12-unit surface-mounted mailbox system. The modern GOETHE mailbox is ideal for demanding entrance areas. The straight-lined design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual boxes provide a capacity of approx. 16 litres; the large mail slot ensures that even DIN-C4 envelopes and magazines—or mail accumulated during an extended absence—are not creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the retrieval door prevents your mail from falling towards you. Thanks to the water runoff edge, the internal mail is optimally protected from the weather. The mail flap is fitted with high-quality pivot dampers, ensuring quiet closing and preventing annoying rattling caused by the weather. The replaceable Plexiglas nameplates can be easily changed from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate includes an advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a view to high flexibility and modularity, easy spare-part assembly and uncomplicated self-assembly. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-assembly is straightforward.

Protected utility model according to DPMA file reference DE: 20 2021 101 679.5

- High-quality 12-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per unit.
- Mail insertion and retrieval are from the front. Insertion flap with high-quality pivot dampers for very quiet mail insertion.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape, so large letters also fit without being folded.
- Collection doors open from top to bottom. This prevents your mail from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate with an advertising Yes/No option per unit.
- Optional house number labelling approx. 100–150 mm high.
- Optimal protection against rain provided by rain runoff edges and a rain canopy made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Includes mounting rail for wall installation.

Important information:

Where possible, the mailbox or mailbox system should be located under a canopy to achieve optimal protection of your mail from water.

Mail is only protected from water if it is placed completely inside the box and the insertion flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress in accordance with DIN EN 13724. Water ingress is not grounds for complaint.
