4-compartment 6x1 stainless steel free-standing letterbox Design BASIC Plus 385X ST-R with bell box - RAL of your choice

Modern free-standing letterbox for 4 parties made in Germany by Briefkasten Manufaktur.
The mailbox is made of stainless steel V2A, powder coated in RAL color, the stand elements are made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A rain drainage edge for optimal water protection, an insertion flap with rubber lip, the solid change name plate and the robust lock distinguish this free-standing letterbox. This mailbox is easy to clean and insensitive. The installation box allows easy mounting of a built-in speaker for an intercom system. Optionally, the mailbox is available with an integrated and preconfigured video intercom system from COMELIT.
The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The construction has been developed by our own engineers with regard to high flexibility or modularity, simple spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus units.

Important information
Camera or intercom preparation
Intercom systems must be connected by an electrician. Contact your local electrician for planning, mounting and installation.
Water protection
Mail is protected from moisture and contamination only when it is fully inserted and the flap is closed. In certain extreme weather conditions, water may nevertheless enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
