Product description

8-unit 4x2 stainless steel surface-mounted mailbox system Design BASIC Plus 382XA AP - stainless steel V2A, brushed

High-quality surface-mounted mailbox for 8 households made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made of stainless steel V2A, brushed. The very high-quality workmanship and the well thought-out concept make this mailbox system one of our top sellers. A drip edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable nameplate, a practical mail retention bracket and the very robust lock characterise this surface-mounted mailbox system.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, simple spare-part installation and straightforward self-assembly. Spare parts are directly available for all BASIC Plus systems.

Thanks to the construction method, self-assembly is straightforward. The mailbox system is prepared for uncomplicated complete installation, so there is no need for complex wall mounting of individual boxes.
