11-unit 6x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice | 100mm depth | with 11 mailboxes

Product number 215-AP-11-100

Product description

11-unit 5x2 design surface-mounted mailbox system GOETHE AP - RAL colour of your choice

High-quality manufactured 11-party surface-mounted mailbox system. The modern GOETHE mailbox is ideal for discerning entrance areas. Its linear design without a visible lock gives this mailbox a particularly elegant appearance.

The dimensions of the individual compartments provide a capacity of approx. 16 litres; the large letter slot ensures that even DIN C4 envelopes and magazines — or post accumulated during several days of absence — do not become creased. The innovative Push-Key lock is concealed inside the mailbox. The key is simply inserted into the existing opening (no turning required) and the door opens. The position of the lock is designed so that the collection door prevents your post from falling out towards you. Thanks to the water runoff edge, the internal post is optimally protected against the weather. The letter flap is fitted with high-quality pivot dampers (soft-close), ensuring quiet closing and no annoying rattling due to weather influences. The replaceable nameplates made of Plexiglas can be conveniently operated from the front; for an optimal appearance we recommend the flush-mounted nameplate with laser engraving (see Accessories). The second nameplate is fitted with an Advertising Yes/No insert.

The surface-mounted mailbox systems of the GOETHE collection are characterised by the consistent use of stainless steel and aluminium. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, simple spare part assembly and straightforward self-installation. Spare parts for all GOETHE systems are available directly in our shop.

Thanks to the design, self-installation is straightforward.

Protected utility model according to DPMA file number DE: 20 2021 101 679.5

- High-quality 11-unit surface-mounted mailbox made of stainless steel and aluminium.
- Quality manufacturing - Made in Germany by Briefkasten Manufaktur Lippe.
- Mailboxes made of stainless steel 1.4016 (non-rusting magnetic stainless steel), powder-coated in RAL colour of your choice.
- Innovative Push-Key lock with 2 keys per unit.
- Letters are inserted and retrieved from the front. Letter flap with high-quality pivot dampers for very quiet insertion of mail.
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 36.0 cm) for C4 landscape — large letters can be inserted without bending.
- Collection doors open from top to bottom. This prevents your post from falling out towards you.
- Plexiglas nameplate for name labelling and a second nameplate 'Advertising Yes/No' per unit.
- Optional house number labelling approx. 100–150 mm high.
- Optimal protection from rain thanks to rain drip edges and a rain hood made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Side cladding made of 3 mm aluminium AlMg3 W19, powder-coated in RAL colour of your choice.
- Incl. mounting rail for wall installation.

Important information:

To achieve optimal protection of your post from water, the mailbox or mailbox system should, if possible, be located under a canopy or overhang.

Mail items are only protected from water if they are placed completely inside the box and the letter flap is closed. Mail that is not fully inserted allows moisture and dirt to enter the mailbox. This system is protected against water ingress according to DIN EN 13724. Water ingress is not grounds for complaint.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
