2-compartment Stainless steel surface mailbox Design BASIC Plus 382XA AP - polished stainless steel V2A

High-quality surface mailbox for 2 parties made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made of stainless steel V2A, polished. The very high quality workmanship and the sophisticated concept make this mailbox system our top seller. A rain drainage edge for optimal water protection, a continuous rubber lip for quiet insertion, the solid interchangeable name plate, a practical mail holding bracket and the very robust lock distinguish this surface-mounted mailbox system.

The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus systems.

- 2-compartment Surface-mounted mailbox system with mailboxes made of stainless steel V2A, ground.
- The system is made at the Briefkasten Manufaktur. German quality production "Made in Germany".
- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 landscape, here fit even large letters without bending.
- Insertion flaps with noise-damping rubber seal for very quiet insertion of mail.
- The doors can be opened from left to right.
- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.
- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.
- Incl. side panel + rain cover made of stainless steel V2A, ground.
- For wall mounting incl. fixing material (screws + dowels).

Important information:

The mail is only protected from moisture and dirt when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.
