5-unit surface-mounted mailbox system BASIC - Edition NELLY - Bi-colour VA-RAL 7016 anthracite grey | with 5 mailboxes

Product number 382A-7016VA-BS-5

Product description

5-unit surface-mounted mailbox system BASIC – Edition NELLY – BI-Color stainless steel / RAL 7016 anthracite grey

"Everything begins with longing." – Nelly Sachs

The Edition NELLY combines the proven BASIC mailbox technology with a distinctly more individual appearance. The mailbox body is made from galvanised steel and receives a powder coating in RAL 7016 anthracite grey fine-textured matt, while the letter flaps are made of stainless steel V2A 1.4301 with a 240-grit brushed finish. This deliberate BI-Color contrast appears modern and high-quality and pairs well with many front doors, windows and façades. As a surface-mounted version with 5 mailboxes, NELLY is not only intended for mail collection but also serves as a neatly designed element of the entrance area. The flush-appearing side cladding with weather protection canopy visually frames the system and also provides the surface for the characteristic NELLY labelling panel.

The distinct advantages of the Edition NELLY

NELLY labelling panel – house number and street name

The distinctive NELLY detail is the applied labelling panel on the weather protection canopy. It is produced with your individual laser engraving and turns the mailbox system into a personalised element of the entrance area – house number and street name are clearly integrated into the overall design.

BI-Color: RAL 7016 meets brushed stainless steel

The mailbox body, made from galvanised steel, is powder-coated in RAL 7016 anthracite grey fine-textured matt. The letter flaps, in contrast, are stainless steel V2A 1.4301 with a 240-grit brushed finish. The weather protection canopy and side cladding are also made from stainless steel V2A and powder-coated.

Large aperture for DIN C4

The 35 × 325 mm mail aperture is designed for DIN C4 in landscape orientation. Larger letters can also be posted without being folded. The mailbox design complies with DIN EN 13724.

Quiet operation in everyday use

The brushed stainless steel letter flaps are fitted with a noise-dampening rubber seal. A mail retention bracket supports controlled retrieval, while the doors open from left → right.

Robust 1.5 mm stainless steel cladding

The weather protection canopy and side cladding are manufactured from 1.5 mm stainless steel V2A 1.4301 and powder-coated. This gives the surface-mounted system a neatly framed, robust structure and additionally protects the mailbox unit in daily use.

Equipment and technical features

Material and mailbox

Configuration 5 mailboxes
Mailbox body Steel, galvanised; RAL 7016 anthracite grey fine-textured matt
Letter flaps Stainless steel V2A 1.4301, 240-grit brushed finish
Mail aperture 35 × 325 mm, DIN C4 landscape
Standard DIN EN 13724

NELLY design and operation

Labelling Individual laser engraving in BML Lasercut font
Nameplate Interchangeable nameplate beneath the letter flap
Mail retention bracket Integrated for each mailbox
Mail retrieval Front access
Door opening From left to right
Locking system Depending on the chosen product configuration

Installation and construction

Installation type Surface-mounted wall installation
Cladding Weather protection canopy + side cladding made from 1.5 mm stainless steel V2A 1.4301, powder-coated
Labelling panel Applied panel on the weather protection canopy with individual laser engraving
Mounting Mounting rail including fixings for wall installation
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on weather protection

Mail is best protected from moisture and dirt when fully inserted and with the letter flap closed. Oversized items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Fixings must be appropriate for the existing wall construction and the weight of the unit.

Product properties

Material	Steel, galvanised, Stainless steel V2A 1.4301
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
House number	House number as laser engraving
Removal of mail	On the front
Number of boxes	with 5 letterboxes
Mounting type	Surface-mounted
