9-compartment Letterbox system freestanding Design BASIC Plus 385XP ST-T - stainless steel RAL of your choice

Modern free-standing letterbox with extra large mailboxes for 9 parties made in Germany by Briefkasten Manufaktur.
The letterboxes are made of stainless steel V2A, powder coated in RAL color, the stand elements are made of anodized aluminum profile, powder coated in RAL color and are solidly manufactured and at the same time very elegant. A close-fitting side panel with rain cover and the rain gutters for optimal water protection, a throw-in flap made of stainless steel V2A, ground with rubber lip, the solid change name plate and the robust lock distinguish this free-standing letterbox. This letterbox is easy to clean and insensitive.
The letterboxes of the BASIC Plus collection are characterized by the consistent use of stainless steel V2A and aluminum. The result is a very high durability and sustainability. The design has been developed by our own engineers with a view to high flexibility or modularity, easy spare parts assembly and uncomplicated self-assembly. Spare parts are directly available for all BASIC Plus units.

- **9-compartment free-standing letterbox completely powder coated in RAL color**
- The system is manufactured at Briefkasten Manufaktur. German quality production "Made in Germany".
- The letterboxes are made of stainless steel V2A, powder coated in RAL color and comply with DIN/EN 13724. Insertion size (3.5 cm x 26.5 cm) for C4 high, here fit even large letters without bending.
- Insertion flaps made of stainless steel, ground with noise-damping rubber lip for very quiet insertion of mail.
- The doors open from left to right.
- Incl. 2 keys with key number and change name plate under the access flap per mailbox.
- Incl. close-fitting side panel + rain cover made of stainless steel V2A, powder-coated in RAL color.
- The stand elements are made of aluminum profile, powder coated in RAL color for screw mounting or for setting in concrete.

Important information:
Mail is protected from moisture and dirt only when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

Abmessungen & Details

Number of parties:	9
Item withdrawal:	Front
