4-unit (2x2) surface-mounted mailbox system Design BASIC 385A- VA AP - stainless steel V2A, brushed | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 4 mailboxes (2x2) | Stainless steel, brushed

Product number 385A-VA-4W

Product description

Wide surface-mounted mailbox system BASIC 385A for 4 households – stainless steel V2A, brushed

The BASIC 385A surface-mounted mailbox system for 4 households is a robust wall-mounted solution for apartment buildings, smaller residential complexes as well as office and practice properties. The wider W-version distributes the mail compartments across a multi-column front and keeps the overall system lower and clearly organised in proportion.

The mailbox system is made from high-quality stainless steel V2A in a brushed finish. Mailboxes, cladding and rain canopy form a timeless, low-maintenance and robust stainless-steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approximately 12 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox includes two keys with a key number and an interchangeable name plate beneath the letter flap.

Advantages of the BASIC 385A surface-mounted system at a glance

Rain canopy and side cladding

The rain canopy and side panels unite the individual mail compartments into a closed surface-mounted system. The coordinated cladding ensures a uniform front and a neat finish at the façade.

DIN C4 letter slot and 12-litre volume

The 300 × 110 × 385 mm (W × H × D) compartments each provide approx. 12 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the letter flap. Robust locks, two keys with key number and protected interchangeable name plates ensure clear allocation of the individual mail compartments.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixings including screws and wall plugs are included in the described configuration.

Completely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for long-lasting surface-mounted mailbox systems. The system is manufactured in Germany by Briefkasten Manufaktur Lippe.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 4 individually lockable compartments
Individual compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per compartment
Material Stainless steel V2A 1.4301, brushed
Surface Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Letter flaps With noise-damping rubber lip
Mail collection Front access
Door opening Opens from left to right
Keys 2 keys with key number per mailbox
Name plate Interchangeable name plate beneath the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Rain canopy Solid, matching the system
Mounting type Surface-mounted wall installation
Installation aid Mounting rail
Fixings Screws and wall plugs included; check suitability for the wall structure on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall structure; for other substrates or external wall insulation systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the letter flap is closed. Overhanging letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
Number of boxes	with 4 letterboxes
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Surface/colour	Brushed
Mounting type	Surface-mounted
