Product description

6-unit stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell box - Stainless steel V2A

High-quality surface-mounted mailbox for 6 households made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, brushed. The very high-quality workmanship and the well-thought-out concept make this mailbox one of our bestsellers. A drip edge for optimal water protection, a continuous rubber lip for quiet insertion, the robust changeable nameplate, a practical mail retention bar and the very sturdy lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are characterised by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our own engineers with a focus on high flexibility and modularity, easy spare-part installation and uncomplicated self-installation. Spare parts are directly available for all BASIC Plus systems.

Thanks to the design, self-installation is straightforward. The mailbox system is prepared for uncomplicated complete mounting; there is no need for complex wall mounting of individual boxes. 6-unit surface-mounted mailbox made of weather-resistant stainless steel V2A 1.4301, 240-grit brushed.

Advantages at a glance

The insertion opening measures 35 × 325 mm and is designed for DIN C4 landscape. The mailbox design complies with DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damper with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell box made of stainless steel V2A 1.4301, 240-grit brushed. A stainless steel doorbell push-button Type 4 is used as the bell button. Optionally prepared with a speech grille for the installation of commercially available intercom systems or flush-mounted loudspeakers. (Intercom system/flush-mounted loudspeakers not included). An option with the Comelit Ultra video complete set is also available.

Quality manufacture and well-considered construction

The system is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for straightforward self-installation.

Mail items are best protected against moisture and soiling when fully inserted and with the insertion flap closed. Oversized items may prevent the flap from closing completely.

Note on wall mounting

Before installation, the load-bearing capacity and condition of the wall must be checked. Fastenings must be matched to the weight of the system and the existing wall construction.
