## 7-compartment Stainless steel surface mailbox design BASIC 382A AP with bell box

High-quality stainless steel surface mailbox for 7 parties made in Germany by Briefkasten Manufaktur.

The complete surface-mounted mailbox system is made of weather-resistant stainless steel V2A, ground. The very high quality workmanship and the sophisticated concept make this stainless steel mailbox system to our top seller. A rain drainage edge for optimum water protection, a double-edged access flap with rubber bumper, the solid changeable name plate, a practical mail holding bracket and the very robust lock characterize this stainless steel surface-mounted mailbox system.

Thanks to the construction method, self-assembly is uncomplicated. The mailbox system is prepared for uncomplicated complete assembly, here no complex wall mounting of individual boxes must take place.

- **7-compartment Surface-mounted mailbox made of weather-resistant V2A stainless steel 1.4301, polished**

- The system is created at the letterbox manufactory. German quality production "Made in Germany".

- The mailboxes comply with DIN/EN 13724. Insertion size (3.5 cm x 32.5 cm) for C4 crosswise, here fit even large letters without bending.

- Insertion flaps with noise-damping rubber buffers for very quiet insertion of mail.

- The doors can be opened from left to right.

- Incl. 2 keys with key number, changeable name plate under the access flap and mail holding bracket per mailbox.

- Large capacity due to optional letterbox depth +50 mm = approx. 17 l. Suitable for companies and households with very large mail volumes.

- Additional rain protection is achieved by the optional rain protection roof made of stainless steel V2A, ground.

- For wall mounting incl. mounting material (screws + dowels). For fence mounting also available without rear perforation (perforation must be provided by customer).

- **Speech-bell part made of weatherproof V2A stainless steel 1.4301, grinded**

- Speech perforation with universal adapter. (Intercom system / built-in loudspeaker not included in delivery). Optionally also available without speech perforation.

- Universal adapter is suitable for all commercially available built-in speakers (Siedle, Ritto, TCS, Busch-Jäger, Gira, Legrand Bticino, ELCOM, Auerswald, Comelit and many more).

- 7x round stainless steel bell push button type: Grothe Protact, max. 24 V AC/DC, 1.5 A, IP 54 (pressure force limitation).

- Anti-vandalism - The nameplate is dent and impact resistant, the plastic is flame retardant.

### Important information:

Mail is protected from moisture and contamination only when fully inserted and the flap is closed. In certain extreme weather conditions, water can still enter (according to DIN EN 13724 up to 1ccm). This is not a reason for complaint.

### Abmessungen & Details

Number of parties:	7
Item withdrawal:	Front
Base material:	Stainless steel
