11-unit 6x2 surface-mounted mailbox system Design BASIC 385A- VA AP - stainless steel V2A, brushed | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | with 11 mailboxes | Stainless steel, brushed

Product number 385A-VA-11W

Product description

Wide surface-mounted mailbox system BASIC 385A for 11 households – brushed stainless steel V2A

The BASIC 385A surface-mounted mailbox system for 11 households is a robust wall solution for multi-family homes, residential complexes and commercially used properties. The wider W version distributes the mailboxes across a multi-column front and keeps the overall system comparatively lower and tidy.

The mailbox system is made from high-quality stainless steel V2A in a brushed finish. Mailboxes, cladding and canopy form a timeless, low-maintenance and robust stainless-steel unit.

Each compartment measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm letter slot is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys with key number and a changeable nameplate located beneath the letter flap.

The advantages of the BASIC 385A surface-mounted system at a glance

Canopy and side cladding

The canopy and side panels combine the individual mailboxes into a closed surface-mounted system. The coordinated cladding creates a calm front and a neat finish against the façade.

DIN C4 insertion and 12 litres volume

The 300 × 110 × 385 mm (W × H × D) mailboxes each provide approx. 12 litres of volume. The 35 × 265 mm letter slot also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two keys with key number and protected changeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted system is designed for direct façade installation. A mounting rail facilitates installation; fixings with screws and wall plugs are included in the described version.

Completely in brushed stainless steel

The V2A version combines a high-quality metal surface with a robust construction for long-lasting surface-mounted mailbox systems. The system is manufactured in Germany by Briefkasten Manufaktur.

Equipment of the BASIC 385A mailbox system

Mailbox system

Number of mailboxes 11 individually lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A 1.4301, brushed
Finish Stainless steel V2A 1.4301, brushed
Standard DIN EN 13724

Mail and operation

Letter slot 35 × 265 mm, suitable for DIN C4 portrait
Insertion flaps With sound-damping rubber lip
Mail retrieval Front access
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Changeable nameplate beneath the letter flap

Cladding and wall mounting

Side cladding Close-fitting design
Canopy Solid, system-matching design
Type of installation Surface-mounted wall installation
Mounting aid Mounting rail
Fixings Screws and wall plugs included; check suitability for the wall construction on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the letter flap is closed. Protruding letters or magazines can prevent the flap from closing completely.

Product properties

Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Number of boxes	with 11 letterboxes
Surface/colour	Brushed
Mounting type	Surface-mounted
