2-compartment waste bin - Design BASIC 650X - 45 litres - polished stainless steel

High-quality manufactured 2-compartment litter bin with elegant round tube stand elements. The free-standing litter bin is made entirely of 2mm stainless steel V2A 1.4301, polished. This litter bin spares no comparison, extremely high-quality workmanship and precision. The dimensions allow a capacity of approx. 45 litres per waste bin, the opening guarantees convenient insertion of waste. Due to the well thought-out waste bag removal (see video), the waste bin is constructed without visible screw connections and rivets.

Thanks to the construction of the waste bin, it is possible to insert waste easily.

Thanks to the construction method, self-assembly is uncomplicated.

- 2-compartment waste bin - waste bin made of stainless steel V2A 1.4301, 240 grain ground.
- The litter bin is manufactured at Briefkasten Manufaktur. German Qualitätsfertigung "Made in Germany".
- Lid plates optionally made of stainless steel V2A 1.4301, 240 grain ground or stainless steel V2A, powder coated according to RAL colour.
- Capacity of approx. 45 litres per waste container, the opening (270mm x 180mm) guarantees the convenient insertion of waste.
- Simple and easy changing of the plastic bag: unlock and remove cover plate, remove front plate, change plastic bag.
- Water drainage corners in the bottom prevent water accumulation in the container.
- Optional pictograms/labelling possible.
- The pedestals are made of 60.3 mm stainless steel V2A 1.4301, ground for screw mounting or for setting in concrete.
