Product number 382XA-6W-SP-150-O

Product description

6-unit 3x2 stainless steel surface-mounted mailbox Design BASIC Plus 382XA AP with bell modules - RAL colour of your choice

High-quality surface-mounted mailbox for 6 households made in Germany by Briefkasten Manufaktur. The mailbox is made entirely of stainless steel V2A, powder-coated in a RAL colour. The very high-quality workmanship and the well thought-out concept make this mailbox one of our top sellers. A rain drip edge for optimal water protection, a continuous rubber lip for quiet insertion, a solid interchangeable nameplate, a practical mail retention bar and a very robust lock characterise this surface-mounted mailbox.

The mailbox systems of the BASIC Plus collection are distinguished by the consistent use of stainless steel V2A. The result is very high durability and sustainability. The construction has been developed by our in-house engineers with a view to high flexibility/modularity, easy spare-part installation and straightforward self-assembly. Spare parts are readily available for all BASIC Plus systems.

Thanks to the construction method, self-assembly is uncomplicated. The mailbox system is prepared for straightforward complete installation; there is no need for elaborate wall mounting of individual boxes. 6-unit surface-mounted mailbox made of stainless steel V2A, powder-coated in a RAL colour.

Benefits at a glance

Stainless steel side cladding with rain cover

Side cladding and rain cover are made of stainless steel V2A, powder-coated in a RAL colour of your choice and complement the system as a structurally coordinated weather protection.

Generous letter slot

Briefkasten Manufaktur Lippe GmbH
Werler Straße 60

Ust.ID.Nr. DE303690847
Handelsregister Amtsgericht Lemgo, HRB 8618

The letter slot measures 35 × 325 mm and is sized for DIN C4 landscape. The mailbox conforms to DIN EN 13724.

Quiet insertion and comfortable removal

The integrated flap damping with rubber seal reduces impact noise during insertion. The mail retention bar holds items back during removal.

Integrated bell and intercom area

Bell/intercom module according to the chosen specification. The stainless steel doorbell button Type 4 is used. Optionally prepared with a speaker grille for the installation of standard intercom systems or built-in loudspeakers. (Intercom system/built-in loudspeakers not included). An option with the Comelit Ultra video kit is also available.

Quality manufacturing and well-thought-out construction

The system is manufactured at Briefkasten Manufaktur in Germany. The construction is designed for uncomplicated self-assembly.

Equipment and product details

Mailbox system

Number of mailboxes 6 individually usable mail compartments
Arrangement 3 × 2
Depth 150 mm
Mailbox material Stainless steel V2A
Mailbox finish Powder-coated in a RAL colour of your choice
Bell/intercom module Bell and intercom parts made of stainless steel V2A, powder-coated in RAL colour

Mail and operation

Letter slot 35 × 325 mm, suitable for DIN C4 landscape
Standard DIN EN 13724
Inlet flap Noise-dampened by rubber seal
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the letter flap
