22-unit 8x3 stainless steel surface-mounted mailbox system Design BASIC Plus 385XA AP - RAL colour of your choice | 300x110x385 mm (WxHxD) - ?? Normal 12 litres | ? Colour of your choice | with 22 mailboxes

Product number 385XA-22W

Product description

Wide surface-mounted mailbox system BASIC Plus 385XA for 22 households – RAL colour of choice

The BASIC Plus 385XA surface-mounted mailbox system for 22 households is a robust wall solution for larger apartment buildings, residential complexes and commercial properties. The wider W version distributes the mailboxes across a multi-column front and keeps the overall installation lower and more orderly in proportion.

The BASIC Plus mailbox system is consistently made from stainless steel V2A and is powder-coated in the selected RAL colour. The modular construction is designed for durability, easy installation and good spare-parts availability.

Each mailbox measures 300 × 110 × 385 mm (W × H × D) and offers approx. 12 litres of volume. The 35 × 265 mm insertion opening is designed for DIN C4 items in portrait format. The doors open from left to right; each mailbox is supplied with two keys bearing a key number and an interchangeable nameplate located under the insertion flap.

The advantages of the BASIC Plus 385XA surface-mounted system at a glance

Rain canopy and side panels

Rain canopy and side panels combine the individual mailboxes into a closed surface-mounted unit. The coordinated cladding ensures a calm front and a neat finish at the façade.

DIN C4 insertion and 12 litres of volume

The 300 × 110 × 385 mm (W × H × D) mailboxes each offer approx. 12 litres of volume. The 35 × 265 mm insertion opening also accepts larger DIN C4 items in portrait format.

Quiet insertion and secure allocation

The rubber lip damps the insertion flap. Robust locks, two keys with key number and protected interchangeable nameplates ensure clear assignment of the individual mailboxes.

Mounting rail for wall installation

The surface-mounted unit is designed for direct façade mounting. A mounting rail simplifies installation; fixing material with screws and wall plugs is included in the described configuration.

BASIC Plus in RAL colour of choice

Stainless steel V2A forms the robust basis; the powder coating can be executed in the desired RAL colour to match the façade, front door and window profiles. BASIC Plus additionally stands for consistent use of V2A, modular construction and directly available spare parts.

Equipment of the BASIC Plus 385XA mailbox system

Mailbox system

Number of mailboxes 22 individually lockable compartments
Single compartment 300 × 110 × 385 mm (W × H × D)
Volume Approx. 12 litres per mailbox
Material Stainless steel V2A, powder-coated in RAL colour of choice
Finish Powder coating in RAL colour of choice
Standard DIN EN 13724

Mail and operation

Insertion opening 35 × 265 mm, suitable for DIN C4 portrait
Insertion flaps With sound-damping rubber lip
Mail retrieval From the front
Door opening From left to right
Keys 2 keys with key number per mailbox
Nameplate Interchangeable nameplate below the insertion flap

Cladding and wall mounting

Side cladding Flush-fitting design
Rain canopy Solid, unit-matching construction
Mounting type Surface-mounted wall installation
Installation aid Mounting rail
BASIC Plus Modular design with directly available spare parts
Fixing material Screws and wall plugs included; check suitability for wall construction on site
Manufacture Made in Germany by Briefkasten Manufaktur Lippe

Note on wall mounting

Briefkasten Manufaktur Lippe GmbH

The wall must be even and sufficiently load-bearing. The supplied screws and wall plugs should only be used if they are suitable for the existing wall construction; for other substrates or external thermal insulation composite systems, appropriate fixing solutions must be determined on site.

Note on weather protection

Mail is best protected from moisture and dirt only when items are fully inserted and the insertion flap is closed. Protruding letters or magazines may prevent the flap from closing fully.

BASIC Plus construction

The BASIC Plus series consistently relies on stainless steel V2A and a modular, installation-friendly construction. Spare parts for BASIC Plus systems are directly available.

Product properties

Surface/colour	RAL 9005 deep black, RAL 3004 crimson red, DB 703 iron mica, RAL 7016 anthracite grey, RAL of your choice (according to colour table), RAL 9007 grey aluminium, RAL 9016 traffic white
Series	BASIC
Boxes by volume	Normal > 10 litres
Name labelling	Nameplate
Number of boxes	with 22 letterboxes
Material	Stainless steel V2A 1.4301
Removal of mail	On the front
Mounting type	Surface-mounted
