Lettering plate for letterbox systems - 300mm - colour of your choice | ? Colour of your choice | Width 300mm

Product number BML-BLE385-BASIC-B300-SF

Product description

Self-adhesive labelling plate for letterbox systems

This labelling plate made of 1.5 mm stainless steel is an attractive letterbox decoration and very easy to retrofit. Your name or any other lettering is possible in many different fonts. The lettering is done with a modern fibre laser in a grey font colour directly on the stainless steel or as a stainless steel laser engraving for powder coating, so the lettering is very durable. This labelling plate is made of stainless steel and is therefore particularly corrosion-resistant, rust-free, easy to clean, very stable and durable.

It can be easily mounted on smooth or finely textured surfaces using the adhesive dots supplied.

- Cover made of 1.5 mm stainless steel V2A 1.4301, polished or powder-coated.
- Self-adhesive.
- ATTENTION: The size of the lettering is adapted to the space and the number of characters and may differ from your specification.
